## Development of Navjeevan Charitable Trust:

History of Navjeevan Charitable Trust, Ahmedabad represents aspirations and development of "Rehabilitation Professionals" in India. During the decade of 1980-1990, new awareness was developing, and empowerment of "Intellectually challenged" was on agenda. On one side, Indian cities were developing fast, but organisations serving "Intellectually challenged" were not available.

Youths were receiving higher education, leaders were advising youth to become "Entrepreneur" and not an employee.

Motivated by all the new developments, lecturer in B. M. Institute of Mental Health, Ahmedabad (Training college recognised by RCI) and his student decided to start a venture. Ahmedabad's western suburbs were having important organizations like Gujarat University, ISRO, IIM- Ahmedabad. They conducted survey, and found out 40 families having "Intellectually Challenged" children. They decided to start a venture. On the request, a psychiatrist and Psychologist (who was also a parent of Intellectually challenged child) joined them.

On 1<sup>st</sup> February 1993, the venture named "Navjeevan Charitable Trust" was started. It was a charitable trust having Occupational therapist, Psychiatrist and Psychologist (Parent) as Trustee, and RCI recognized Special teacher as volunteer.

Because of professionals attitude of the team, trust offered quality services, and developed. The Government of Gujarat recognized these services, and offered recognition and Grant - in aid. Gradually the trust expanded, and after hard work of 15 years, it could shift from rental premises to a moderate, but it's own building.

The trust has a special day school named "Dr Dayhabhai Swami Special day school for "Intellectually challenged and Cerebral Palsied Children".

It also provides Prevocational training and employment/self-employment guidance to them. Beneficiaries of the special school participate in other activities like -Music and Dance.

-Sports.

-Art and craft.

They have received awards and medals at local, National and international levels.

On the Occasion of "Silver Jubilee" of trust (1<sup>st</sup> February 2019) , 4 World Records were established in one year. They were as follows –

- 1) Zoomba Dance by 200+ Special Children on one stage.
  - 2) Air travel from Ahmedabad to Mumbai by 100 special children.
  - 3) Competition of 30 stage shows of group dance "Hanuman Chalisa"
  - 4) Installation of 51 feet high stainless steel Crutch"
- Installation of crutch was certified by "Gunnies book of World Records"

Groups of Special Children and their teachers visited various inland destinations like Mumbai, Somnath, Dwarka, Goa, Vaishno Devi, and performed cultural events. These tours empowered them , and taught them independent living.

The groups also travelled foreign destinations like Dubai, Singapore, Malesia and Hong Kong, and presented cultural events.

During recent Covid-19 pandemic and lock-down, online classes were offered continuously for more than 600 days. Special children could use laptop, mobile and participate in Online classes, Online celebration of festivals and competitions (Music,Dance,Art and crafts). Awareness walk for use of Mask was also organised online. Children and their parents walked in their own residential localities with playcards/banners, and posted videos online. Participants and winners were paid cash prizes online, during all such online events.

In this manner, the trust has achieved target of starting new venture, providing quality services to Intellectually challenged and Cerebral Palsied individuals, providing employment opportunities to "Rehabilitation Professionals", and services in location which were neglected.

The trust has further expansion plans, which include having bigger campus, and residential facilities for adult Intellectually challenged and Cerebral Palsied individuals.

## LIGHTING UP HOMES AND LIVES

Pics: Yogesh Chawda

Their nimble little hands have been working diligently for the past few weeks to make artistic earthen lamps that will light up your home for Diwali. Several city-based NGOs, working for disabled people, have engaged children to make these lamps. Nilesh Panchal of Navajivan Trust said that the children not only learn skills but also find a way to light up others' lives through their creations. Other NGOs and organizations including Ansh Kanya Prakash Gruh, BPA, BM Institute of Mental Health also engage children in similar activities to make the festive season a special time.

## **Current Requirement For Building:**

- Present building of "Navjeevan Charitable Trust" is having good facilities like Air-conditioning, Water purification, CCTV, Roof-top-solar panels for electricity generation,
- But we have many limitations --
  - 1) Assesibility - We do not have space to install lifts, so Physically challenged individuals and senior citizens have problems in using our building.
  - 2) We need 2nd Stair-case for fire-safety.
  - 3) We need Play ground, and space for parking.
  - 4) We wish to start residential facilities for children, who's parents have left for heavenly abode.
- Above mentioned facilities are extremely necessary.
- Therefore, we are planning new premises.
- We need your help for making the plan successful.

## Need Funds for These Activities:

- Extra curricular activities like: Festival Celebration, Art and Craft, Drawing, Painting, Dance Competitions, Awareness, Events, Medical Camps ETC.
- For Helping poor students in conveyance expenses.
- Maintenance and Clealiness of premises.

## Furure Plan:

- To acquire 3000 feet / Sq. Yard Land and have better building for present activities.
- Oldage-Home For Special Children.

## Requirement:

- A Land or A Bunglow near to recent primises.      OR
- 30cr Required to Purchase Primises.
